

GIRTON COLLEGE
College Charges 2011/12

UNDERGRADUATES

College charges vary according to status (graduate or undergraduate) and whether living in College accommodation or not. This note covers the charges applicable to undergraduate students.

Standard College accommodation for undergraduates includes rooms on the main College site, at Wolfson Court, and in College-owned houses. There are also a small number of flats and houses suitable for married students or student couples. Accommodation is normally available for the first three years of undergraduate study and may be offered for a fourth year, depending on availability.

College charges cover access to College non-academic facilities e.g. accommodation and catering services. Access to academic facilities is covered by College fees (see separate sheet).

College charges for undergraduates vary according to year of matriculation. Charges for 2011/12 are shown for each cohort of matriculants, and are fixed for three years. Different rates of charges apply to students living in College accommodation for a fourth year or returning from a year abroad or returning after de-grading. These charges are fixed for each year and for that year only by Council.
