Girton College Sports Awards

Guidelines for applicants

Application forms must be completed by the student and then passed on to their Tutor (with appended receipts) by the student deadline (found on the bottom of the application form). If applying for more than one sport, additional application forms must be completed and attached together.

Once the Tutor has completed their section of the application form it must be sent directly to the Tutorial Office by the Tutor deadline (found on the bottom of the application form). It must not be returned to the student. If a student is applying for more than one sport, the Tutor only needs to complete their section of the form for one of the applications.

1. Undergraduate and graduate students are eligible to apply.
2. Awards will be made to those participating in sport at University level or above (not University Development Squads)
3. Grants may be awarded to students to assist in meeting costs incurred while participating in their chosen sport provided that, in the opinion of the Committee and the Tutor, the case is a deserving one both academically and financially.
4. Examples of costs which will be considered by the Committee: subscriptions, shoes, tournament entries, racquet re-stringing, mandatory kit, and transport.
5. The following costs will **not** be considered by the Committee: treatments (e.g. massage), elective kit, subsistence when travelling, nutrition (e.g. protein powder), summer camps/pre-season tours and training camps.
6. The Committee will ensure that there is a fair distribution of the income recognising that the needs of individual sports vary.
7. Applications for grants may be made twice in each year. Deadlines will be set by the Committee and advertised to the student body.
8. Grants will not normally be more than £250 per student per annum.
9. The application form must be submitted by the student to their Tutor by the student deadline date.
10. Receipts **must** be appended to the application form. Screenshots of payment apps will be accepted.
11. The names and sports of award recipients are added to the Sports Awards page on the Girton website, the Awards/Prizes noticeboard in College, and will appear in the College's Annual publication 'The Year'. Please tick the box on the bottom of the application form if you would prefer your details not to be published in this way.
12. The Committee decision is Final
