Girton Skills

Postgraduate Programme Michaelmas Term 2026

In this mini-guide you will find details of all the Girton Skills Programme (GSP) events for this coming term. The academic and career strands include:

- Goal-setting breakfasts every Monday morning
- Special one-off AI workshop with Emma Latham-Jones, founder of Zenomics.org (a service supporting students through academic transitions)
- New Culture Shock and Working with Feedback sessions
- A variety of careers events including a LinkedIn session and an Introduction to the Careers Service

The welfare strand includes:

- Weekly sessions of yoga and swimming lessons, occasional gardening hours and carpentry workshops
- Monday evening workshops on sleep hygiene, goal setting and building motivation
- Life coaching (one-to-one sessions)

Personal Development Plan

You'll also find in this booklet information about the credits system and how you can access a grant that will support a project of your own. Previously students received £300 each towards a wide range of activities – some students travelled abroad or in the UK, some attended courses to improve skills, others bought specialist equipment for a hobby!

NOTE: There are 10 credits available for most academic and welfare events, but there are no credits for drop-in sessions, swimming lessons and some Careers Service events.

How to book

Booking opens for most events a week before they take place. Look out for links in the College Weekly Newsletter and reminder emails from skills@girton.cam.ac.uk.

Skills Team

Michaelmas Term 2026

Who are the Girton Skills Programme Team?

All general enquiries should be directed to skills@girton.cam.ac.uk

Careers Service Pop-Up

With the Faculty of Education (PGCE enquiries)

Tuesday 24 November, 11.30am-1.30pm,
(near Social Hub)

Girton College **Volunteer Scheme**

PROGRAMME

The Girton Student Volunteer Scheme supports students to find and pursue meaningful volunteering opportunities and celebrates the contribution they make to a wide range of causes. Those already engaged in volunteering, either within the College or externally, are also encouraged to register with the scheme.

Students on the scheme are invited to an annual reception hosted by the Mistress to celebrate their achievements. Those who volunteer for 10 hours or more over the course of the year receive a certificate recognising their dedication.

The scheme is co-ordinated by Fellows Dr Tom Hawker-Dawson and Dr Sophia Shellard, who are happy to discuss volunteering options and answer any questions you may have.

Scan the QR code to see further details on the scheme including the current opportunities on offer. If you have any questions, email: studentvolunteer@girton.cam.ac.uk

Personal Development

What is the Personal Development Credits Scheme?

Many of our events and talks carry a 'credit' that can be awarded if you do the following:

- Attend the event or talk
- Complete the short online feedback form within the 7-day window provided

Our Student Programmes Administrator will keep a record of how many credits you have been awarded, although you may want to keep your own record too. For this reason your feedback on the session will include your name, but no names will be attached to the feedback on the session which is provided to the Girton Skills Programme team.

Why collect credits?

If you earn enough credits to meet the advertised threshold, you will be eligible to apply for a Personal Development grant. The value of the grant is expected to be £300 per student. To access this grant you will need to submit a short statement about your intentions to use the financial support by a deadline in Easter Term. The grant can be used towards anything that you see as important to your personal development....

Suggestions include:

- travel (for academic or leisure purposes)
- supporting volunteer work or an internship
- purchasing equipment for a hobby such as photography, sport or music
- attending a course to learn a skill or a language...
- anything you see as helping you develop!

How many credits do I need to be able to apply for a grant?

During the academic year 2026-27 you will need to achieve 100 credits to be eligible for a Personal Development Grant.

How does the scheme work?

As noted above, we will keep a record of your credits earned through attendance and completion of the feedback forms. In Easter Term we will let you know if you have met the threshold to apply for a grant. Make sure you get your application statement to us by the deadline set! We will then let you know if your proposal has been accepted.

If you don't have enough credits to reach the threshold you can carry some forward to the next academic year.

Any questions? Email: skills@girton.cam.ac.uk
